ICSC 2024 - Guidelines for Talks

GENERAL	IN PRESENCE	ONLINE
15 minutes talk + 5 minutes for discussion. There is no specific template for the slides, but they must be **necessarily in .pptx format (PowerPoint presentation)**. To prevent technical problems and delays, you are kindly invited to send your presentation to icsc2024@unier.it by 5 p.m. CEST on the day before your presentation, indicating the ID number of your submission in the subject line of the email.	A PC and the online connection will be provided by the local facilities. Unfortunately, you will not be able to use your personal device for the presentation. An assistant will take care of the technicalities (PC, webcam, microphones, and PowerPoint). Please note that you will be filmed by a webcam and be online on Microsoft Teams, but your presentation **will not be recorded**.	A few days before the conference, you will receive the link to your session, together with all the links necessary to follow the other sessions. You must be online 20 minutes before the session. If you need technical support in sharing your presentation, you should send your presentation to icsc2024@unier.it by 5 p.m. CEST on the day before your presentation, indicating the ID number of your submission in the subject line of the email. Please note that you will present online via Microsoft Teams, but your presentation **will not be recorded**.

For any questions or problems, please contact icsc2024@unier.it
